duotone #5 — marbled, one edge

by atelier von ehren
hand-built stoneware vase

€535*

a fine play of lines: they spread, overlap, blur and reassemble, like waves without direction. the pattern runs across the surface, restless and calm at the same time. balanced on a narrow foot, the body opens into a clear form. each piece is built by hand and signed by the maker — one of one. glazed inside and fired at 1220 °c, watertight and suitable for fresh flowers. small variations in colour and surface are part of it.
