trade

spazio is a gallery built around collectible design, with art and food alongside. every piece in this catalogue is selected by us and made by an independent european studio, many of them in small editions or as one of one.

this catalogue is for architects, interior designers and stylists. it lists every piece currently available in our shop, with dimensions, materials, editions and lead times, and it updates itself whenever a new piece comes in. the date on the cover is the date of this version.

01	specification	further photographs, technical details and certificates of authenticity on request.
02	quantities and variations	several studios produce to order. ask us for quantities, other sizes or colours, and commissions for a specific project.
03	delivery	lead times are listed with each piece. we organise shipping, including crating for larger works.
04	orders	write to us with the project name and the pieces you are considering. we reply with availability, delivery and a quote.
